

Donald Zepp

Donald Zepp graduated from Martinsburg High School in 1953. Because of working several part-time jobs and excelling in the classroom Don did not participate in athletics at MHS.

Don served four years in the United States Air Force from 1953-1957. While in the military he attended engineering school at Fort Belview Virginia.

He attended University of Maryland and later transferring to the University of Virginia earning a degree in Engineering.

Prior to returning to Berkeley County he was employed by the J.W. Bateson Company as an engineer. He traveled throughout the United States budding jobs, which included the BA Hospital in Martinsburg.

Since returning to Martinsburg he has worked on numerous projects such as the Caperton Train Station, Berkeley County Senior Center, Shepherded University and Berkeley County Rec Center.

Don has managed over twenty-five construction projects for Berkeley County Schools totaling of \$100 million dollars for the past twenty years. He has the best interest of the school system and getting the most building for the smallest cost as his top priorities in any project he oversees. One of his current projects for Berkeley County School sis the "Green School" and the new high school in the north end of the county.

Don was named Outstanding Alumnus of Martinsburg High School in 1993. He is also a member of the local Elks Lodge.

He is married to Ruth Glenda Zepp and they attend First Baptist Church.
