

Katherine Beveridge

This Hall of Fame award is being presented to the late Kathryn Bereridge posthumously for contributions and dedication she gave to the Martinsburg High School library. Mrs. Beveridge graduated from Shepherd College in 1966. She was the school librarian for over forty years. She kept the library doors always open before and after school and during lunch breaks for the students at MHS. Mrs. Beveridge will long be remembered for her international dinners hosted by the Library Club. Each year she traveled to the book fair in Mt. Crawford to purchase books so she could use her budget more effectively. She was very instrumental in organizing book placements in the school library as memorials for individuals. Mrs. Beveridge followed MHS sports through the eyes of her nephew, Justin and Matt.
