What is the Safe Schools Helpline?

A toll free phone number that anyone can call to report information that may have a negative impact on students, staff or property at any school in West Virginia.

- **It is staffed 24/7** – so a person will always answer, never a recording.
- **It's a statewide number** – so no matter what school the information concerns or where you are located when calling, it's the same number.
- **It's free** – from within and outside of the state's borders.
- **It is anonymous** – your identity will always be protected and remain private.

It is YOUR responsibility to help keep YOUR community safe

What kind of information should be reported?

Anything that could harm students, staff or property. Some examples include:

- Violence
- Weapons
- Threats
- Drug or alcohol abuse
- Sexual harassment
- Theft or property damage

Who should call the Helpline?

This helpline is here for EVERYONE. Some people that might use it are:

- Students
- Teachers
- School staff
- Parents
- Neighbors
- Administrators
- Community members

What questions will I be asked when I call?

Things like:

- What are you reporting? Describe the situation.

- When did the incident occur/when is it expected to occur?
- At what school?
- Can you identify the suspect?
- How can we contact you? (optional)

How will I know what actions my call prompted?

Each call is issued a reference number. After three school days, if you call the toll-free Helpline back and provide that reference number, the operator will give you a status report on actions taken based on your information.
